A. Scheduled: None.

B. Unscheduled: There were no public appearances.

VI. Reports and Announcements

A. Mayor's Announcements:

Mayor Sutton reported on his attendance at the Arizona League of Cities and Towns annual conference in Phoenix, held the previous week. He stated the conference provided valuable information to bring back to the community and highlighted a conversation regarding water use and data centers, reporting that:

A farm field with crops may use, depending on the crop, between five and ten times the amount of water used by a modern data center operating a closed-loop system.

A residential neighborhood may use approximately three-quarters of the water used by such a data center.

Modern closed-loop, recycled-water data centers use substantially more power than older data centers with water chillers, resulting in a trade-off between water use and power use depending on the technology employed.

Mayor Sutton further noted that the conference included informative sessions regarding the water situation in Arizona and the Colorado River, and encouraged the Council to keep the water-and-power trade-off in mind as new data center proposals are presented.

Mayor Sutton also thanked the Council for its ongoing efforts to educate itself and for its attendance at recent conferences.

B. Council Members' Announcements

Vice-Mayor Tarango reported that she attended the League conference and that the week prior, she and Councilmember Galindo attended the ASU 2026 Summer Policy Retreat, which addressed the state of water and housing, and included a panel on data centers. Key points she shared included: The importance of ensuring that growth pays for itself.

A statement attributed to APS that data centers should pay for their own power rather than shifting costs to residential ratepayers.

Attendance at League sessions on water, housing, elected official development, and data centers.

Recognition of Eloy by panelists as one of the few communities that has already addressed data centers in its city code, and her observation that the City was ahead of the issue, in contrast to its earlier experience with solar development.

Councilmember Galindo reported that housing, water, and data centers were the leading topics at the ASU summit. She noted that data centers were originally viewed as an efficient means of repurposing abandoned big-box retail buildings, but that the industry has since expanded to large-scale facilities. She emphasized the need for the City to maintain control over such development, similar to its approach with solar, and stated that Eloy is fortunate to have adequate water for now. She reported that a discussion with a Central Arizona Project representative underscored the need for greater advocacy at the State legislative level regarding Colorado River allocations and the upper basin states. She also reported that the League conference provided valuable discussion on communicating with constituents, including the limits of responding to social media and the importance of assuring constituents that non-engagement does not signal a lack of listening.

Councilmember Snyder reported that he found the conference to be time well spent and

that discussions with officials from other communities indicated Eloy is comparatively stable.

He summarized discussions regarding:

A council member from Benson addressed an aluminum facility and pollution concerns, where the planning and zoning commission could approve matters without Council review.

A council member from Oro Valley addressed the use of non-disclosure agreements by city staff and whether the Council should approve such agreements.

A council member from Florence stated that an outgoing City Manager's personnel actions were questionable, regarding the firing of their Fire Chief.

He further reported on a discussion with a vice president of finance for APS regarding the 20- to 25- year timeline required to plan, permit, and construct new generation capacity, and on the history of data centers in Arizona. He explained that Utilities Built infrastructure to serve the pre- recession housing boom, and after that growth collapsed, actively recruited data centers to utilize the surplus capacity. He noted that subsequent demand from electric vehicles, artificial intelligence, semiconductor manufacturers, and aerospace users has outpaced generation capacity. He also reported that panelists indicated many land acquisitions and rezonings for data centers are speculative and that most such projects will never be built.

C. City Manager's Announcements

City Manager Mackenzie Letcher announced:

A free Movie Under the Stars event on Saturday, August 29, 2026, at 7:30 pm at Jones Park featuring a film on the life of Michael Jackson. Attendees were encouraged to bring chairs, blankets, and snacks.

A community yard sale on Saturday, September 5, 2026, from 6:00 am to 12:00 pm at Main Street Park. Vendor spaces remained available and may be reserved online through the community services portal on the City's website.

Monsoon season sandbag availability. Following recent storm activity, the Streets Division has sandbags available to residents, limited to six filled sandbags per household, available at the Public Works facility, 1137 West Houser Road. Residents were directed to call Public Works at (520) 466-3082 for additional information.

E. A Resolution correcting a scrivener's error in Resolution No. 25-1631 regarding an Application for a Conditional Use Permit to allow outdoor storage on the properties located at 4650 and 4712 N. F. Adopt Ordinance No. 26-1005 of the Mayor and City Council of the City of Eloy, Pinal County, Arizona, Adding Section 12-2(D) to the Eloy City Code Authorizing the City Attorney and City Clerk to correct scrivener's errors in the City Code, ordinances, resolutions, and minutes.

Motion: Councilmember Garcia moved to approve the Consent Agenda as presented.

Second: Vice-Mayor Tarango seconded the motion.

Vote: Motion passed 6–0 by roll call vote.

VIII. Business: Discussion and/or Action Items

A. Presentation by Annette Gaston, PFM Asset Management, LLC, on the City's Investment Portfolio as of June 30, 2026.

Ms. Gaston advised that PFM Asset Management present to the Council approximately twice each year, covering the second quarter and the end of the fiscal year. Ms. Gaston presented the portfolio summary as of June 30, 2026, and provided an economic update. Key points included:

The portfolio market value at the end of June exceeded \$35 million, reflecting growth of approximately \$163,000 from the first quarter to the second quarter.

The unrealized loss of approximately \$203,000 at quarter-end was attributable to point-in-time market movements, as the market yield rose from 3.82% at the end of March to 4.16% at the end of June.

The realized gain for the second quarter was approximately \$15,500; the portfolio experienced no realized losses.

The yield at cost at quarter end was 3.91%.

The portfolio is invested 100% in U.S. Treasuries allocated over a one- to three-year duration, and all holdings are within the City's investment policy parameters.

Accrual basis earnings for the period April 1 through June 30, 2026, totaled approximately \$359,000.

Ms. Gaston reported that trades placed on the date of the meeting were at approximately 4.5%, which would be reflected in the third quarter report.

Economic Update: Ms. Gaston reported that domestic growth has been strong, with potential headwinds from energy shocks — noting duration rather than magnitude as the greater concern — and geopolitical uncertainty. She reported the labor market remains in good balance, that investment in artificial intelligence has recently displaced consumer spending as the primary driver of growth, and that corporate fundamentals remain strong. She noted the Federal Reserve left policy rates unchanged, with the front-end target range anchored between 3.50% and 3.75%, and that no change was expected at the September meeting. Inflation has hovered near 3% against the Federal Reserve's

2% target, with the most recent Consumer Price Index reading declining approximately one-tenth of one percent. She noted that Treasury yields moved higher during the quarter and that the steepening yield curve provides additional reinvestment value for the City's portfolio.

Council Discussion:

Councilmember Curtis asked whether the unrealized loss of approximately \$203,000 was a concern. Ms. Gaston responded that it was not, explaining that the figure represents a point-in-time measure of market movement and that the City has realized only gains for the quarter and the prior year.

Councilmember Snyder asked about the difference in rates between money market funds and Treasuries. Ms. Gaston explained that money market funds are tied to durations of three months and under and track the Federal Reserve target range of approximately 3.50% to 3.75%, while a two-year Treasury was yielding approximately 4.17%. She noted the City targets the two- to five-year portion of the curve, with five years as the maximum permitted maturity.

Councilmember Snyder also asked whether flattening inflation suggested future rate increases. Ms. Gaston explained the Federal Reserve's dual mandate of price stability and full employment, noted the Federal Reserve is data dependent and looks for trends rather than single readings, and stated that a rate hike is not off the table. She reported markets had been pricing in one rate increase of approximately 25 basis points in December, with a September increase now largely removed from expectations following the most recent CPI reading, and characterized a near-term rate hike as approximately a 50-50 possibility.

Public Comment: None.

Mayor Sutton thanked Ms. Gaston for the presentation.

IX. Executive Session

No executive session was convened at this meeting.

CITY OF ELOY

REQUEST FOR COUNCIL ACTION

Agenda Item: VII.C.

Date: 9/14/2026

Date submitted:
09/04/2026

Action: Resolution

Subject: Consideration and Approval of Resolution No. 26-1678 Accepting an \$87,100 Grant from the Gila River Indian Community on Behalf of the Eloy Fire District

Date requested:
9/14/2026

TO: Mayor and City Council

FROM: Brian Wright, Finance Director

RECOMMENDATION:

Staff recommends that the Mayor and City Council adopt Resolution No. 26-1678, acknowledging and accepting an award from the Gila River Indian Community State-Shared Revenue Program in the amount of \$87,100 for a one-year grant period, on behalf of the Eloy Fire District. The grant funding will support the Eloy Fire District in providing essential fire and emergency services to the community.

DISCUSSION:

The City of Eloy has received notification from the Gila River Indian Community (GRIC) Office of Special Funding that the Eloy Fire District's 2026 State-Shared Revenue Program application for the Eloy Fire Cancer Prevention Project has been recommended for funding in the amount of \$87,100.

As part of the grant award process, the City of Eloy will serve as the governmental pass-through agency on behalf of the Eloy Fire District. GRIC requires the City Council to adopt a resolution formally acknowledging the grant award and the City's willingness to accept and administer the funds on behalf of the Fire District.

The \$87,100 grant award will be used by the Eloy Fire District to purchase two Self-Contained Breathing Apparatus (SCBA)/equipment washers. This specialized equipment is designed to assist with the cleaning and decontamination of SCBA and other firefighting equipment following emergency responses. Proper decontamination helps reduce firefighters' exposure to potentially harmful contaminants and carcinogens that can accumulate on equipment during fire suppression activities.

Approval of Resolution No. 26-1678 will authorize the City to accept the grant funding as the pass-through agency and facilitate the transfer of the funds to the Eloy Fire District for the approved cancer prevention project.

FISCAL IMPACT:

The fiscal impact will be \$87,100 as the City will act as the Fiscal Agent for the grant. The Fire Department will purchase the equipment, then seek reimbursement from the City for the purchase.

WHEREAS, for its 2026 revenue sharing, the Gila River Indian Community chose to contribute directly to local governments and is seeking requests for funding proposals from Arizona cities, towns, and counties; and

WHEREAS, the Eloy Fire District desires to accept funds awarded by the Gila River Indian Community for Proposition 202 grant funds to be used towards the costs of purchasing two (2) SCBA/Equipment Washers; and

WHEREAS, the Mayor and City Council of the City of Eloy, Arizona believe it is in the best interest of the citizens of the City of Eloy to accept funds awarded by the Gila River Indian Community for Proposition 202 grant funds to be used by the Eloy Fire District towards the costs of two (2) SCBA/Equipment Washers.

NOW, THEREFORE, BE IT RESOLVED THAT THE MAYOR AND CITY COUNCIL OF THE CITY OF ELOY, ARIZONA, hereby approves the acceptance of awarded funds in the amount of \$87,100 from the Gila River Indian Community for Proposition 202 grant funds to be used by the Eloy Fire District towards the costs of purchasing two (2) SCBA/Equipment Washers.

REQUEST FOR COUNCIL ACTION

Agenda Item: **VIII.A.**

Date: **9/14/2026**

Date submitted:
09/02/2026

Action: Formal

Subject: Consideration and Authorization to Purchase One (1) 2024 Ford F-150 Police Responder Demonstration Vehicle from San Tan Ford, Fully Equipped with an MHQ Emergency Equipment UpFit Package, Using Proposition 207 Funds and with Pricing Per Arizona State Contract CTR059323 Phase 2, in an Amount Not to Exceed \$80,000.00.

Date requested:
9/14/2026

TO: Mayor and City Council

FROM: Brian Jerome, Captain

RECOMMENDATION:

Council authorize the purchase of one (1) 2024 Ford F-150 Police Responder demonstration vehicle from San Tan Ford, fully equipped with an MHQ emergency equipment upfit package, using Proposition 207 funds, in an amount not to exceed \$80,000.00.

DISCUSSION:

The Eloy Police Department is requesting authorization to purchase a 2024 Ford F-150 Police Responder demonstration vehicle from San Tan Ford. The vehicle was used by Ford to showcase its emergency equipment upfit relationship with MHQ and currently has approximately 1,600 miles.

The vehicle is already fully equipped with emergency lighting, siren, and related police equipment installed by MHQ. The Department currently uses MHQ for emergency equipment upfit services; therefore, the equipment and installation will be consistent with and standardized to the Department's current patrol vehicle builds.

Although the vehicle is a 2024 model, it has very limited mileage and is being offered at a substantial discount because it is an aged demonstration unit. San Tan Ford's proposal includes a State contract discount and an additional dealer discount specific to this vehicle. The total delivered price, including the vehicle, MHQ emergency equipment upfit, and applicable sales tax, is \$79,545.72.

Based on the Department's recent vehicle purchases and emergency equipment upfit costs, acquiring a comparable new patrol vehicle and completing a separate upfit would cost approximately **\$60,000.00 more** than this fully equipped demonstration police

vehicle. This opportunity will allow the Department to acquire a low-mileage, fully equipped patrol vehicle at a savings of more than 40 percent compared to purchasing and equipping a comparable new vehicle. The vehicle will also be available for operational use much sooner than a new vehicle requiring a separate emergency equipment upfit.

This purchase was not included in the adopted FY 2026-2027 budget. However, the opportunity has been reviewed by the City Manager and approved to move forward for City Council consideration due to the significant cost savings and benefit to the Department's operational readiness.

The vehicle being replaced in the Police Department's fleet will be transferred to another City department, allowing the City to extend its useful service life.

The purchase of this vehicle includes pricing per Arizona State Contract # CTR059323, Phase 2.

FISCAL IMPACT:

The total fiscal impact of the purchase of this police vehicle is \$79,545.72. Although the purchase was not included in the adopted FY 2026-2027 budget, sufficient Proposition 207 funds are available to complete the purchase.

REQUEST FOR COUNCIL ACTION

Agenda Item: **VIII.B.**

Date: **9/14/2026**

Date submitted:
09/03/2026

Action: Ordinance

Subject: Adopt Ordinance No. 26-1006 approving an amendment to Chapter 2 Administration, Article IV Commissions, Boards and Bureaus, Division 6. Building Advisory and Board of Appeals, Section 2-111: Appointment of Members; Filling of Vacancies; and Removal of Members, allowing the Mayor to appoint members of City Council to fill vacancies on the Building Advisory and Board of Appeals, and declaring an emergency.

Date requested:
9/14/2026

TO: Mayor and City Council

FROM: Dan Symer, Community Development Director

RECOMMENDATION:

Staff recommends that the City Council adopt Ordinance No. 26-1006, approving an amendment to Chapter 2 Administration, Article IV Commissions, Boards and Bureaus, Division 6. Building Advisory and Board of Appeals, Section 2-111, and declare an emergency.

DISCUSSION:

The proposed amendment to the Eloy Code's Chapter 2 provisions pertaining to Building Advisory and Board of Appeals, would establish a temporary mechanism to address vacancies and ensure the Board has sufficient members to conduct its business. The amendment would authorize the Mayor to appoint up to five (5) City Council members to serve as voting members of the Building Advisory and Board of Appeals when vacancies prevent the Board from maintaining a quorum. The appointed Council members would possess the same rights, duties, and obligations as regular Board members and would remain subject to all applicable provisions governing the Board's conduct, procedures, and jurisdiction.

The amendment is intended to provide continuity in the administration of the City's Building and Fire code appeals process while City staff and the City Council continue efforts to recruit qualified individuals to serve on the Board. An appointed Council member would serve for a one-year term unless the vacancy is filled sooner, at which time the Council member's appointment would terminate. The Mayor would also be authorized to designate an appointed Councilmember as Chairperson or Vice

Chairperson when those positions are vacant and to revoke an appointment at any time. The amendment would also allow the City to maintain a functioning Building Advisory and Board of Appeals during periods when qualified appointments are unavailable, thereby supporting the timely consideration of matters within the Board's jurisdiction and promoting the health, safety, and welfare of the community.

The proposed modifications to Chapter 2 Administration, Article IV Commissions, Boards and Bureaus, Division 6. Building Advisory and Board of Appeals, Section 2-111 are included as Exhibit 1 to Ordinance 26-1006 attached to this report.
